A REAL ENVIRONMENTAL DEAL

BUILD NUCLEAR.
PAY THE NEIGHBORS.

20% OF NEW YORK ELECTRICITY IS NUCLEAR

92%+ NUCLEAR CAPACITY FACTOR IN 2024

WOULD YOU LIVE WITHIN 10 MILES OF A NEW NUCLEAR PLANT FOR

$1,000 EVERY YEAR?

Reliable low-carbon power for New York.
Guaranteed annual payments for nearby households.

The community accepts construction, nuclear waste, and the local risk.

SCAN. READ THE DEAL. VOTE.

YES NO YES, IF...

Should New York approve a new nuclear plant and require the operator to pay nearby households an annual dividend?

Sources: U.S. EIA, New York State Energy Profile (2024); U.S. DOE, Generation Capacity (2024).

The $1,000 payment is the proposed annual household dividend, financed from plant revenue.
